“Education is not the learning of fact but the training of mind to think”
- by Eienstein

Vision

We envision a world in which education positively contributes to each person's ability to reach their potential in acting for society's good. We model and prepare students to critically evaluate sustainable practices to enhance economic, environmental, physical & social and professional needs.

- ❖ Teaching and learning
- ❖ Advancement of knowledge
- ❖ Leadership in service and outreach

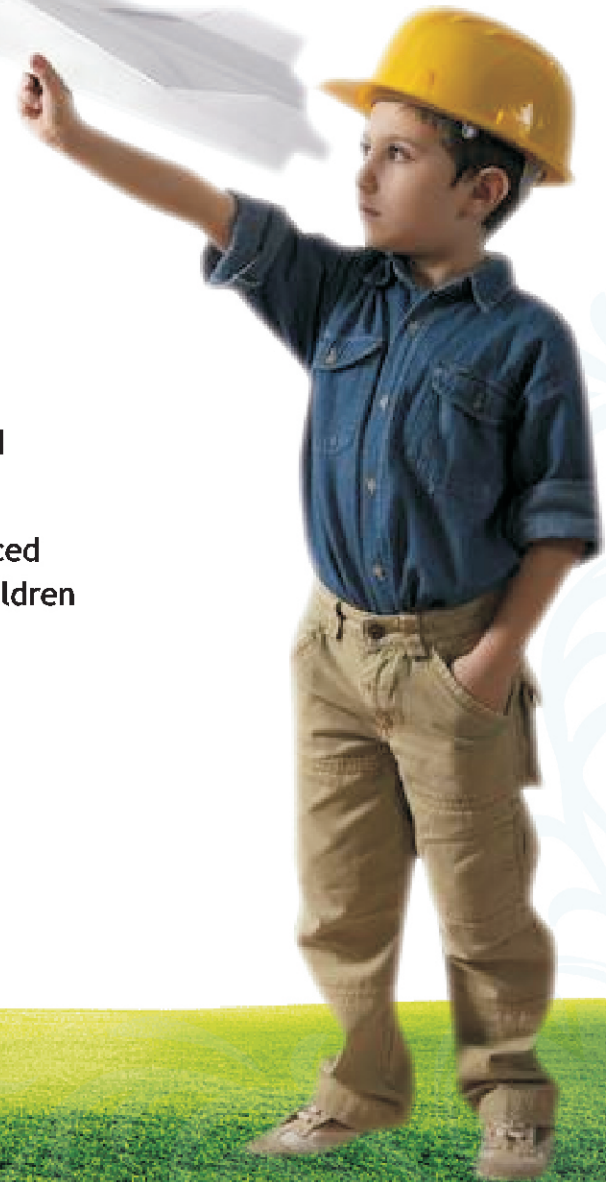

Mission

Our mission is to prepare learner as sensitive educators with the knowledge, skills and dispositions to contribute to a better society. We prepare and equip students to be critically reflective learners and practitioners (through efficient and effective processes) programs and curriculum optimize efficiency and effective practice.

Our School Aims

We attempt to embody our School Values in all that we do. Our school aims to put the philosophy and ideas of Primary Education into practice and to offer to all pupils those learning experiences that allow them to acquire the skills, concepts and attitudes to enable them to face their future life with the competence to make the fullest use of their potential.

- We expect the highest standards of personal behavior and attitudes and we aim to have a school of which pupils, parents, staff and governors can be proud.
- We aim to have a friendly, pleasant, caring atmosphere, in which, all can respond to reach high levels of self - discipline and enjoy coming to school.
- We aim to ensure that every child takes up the entitlement of a broad and balanced curriculum which, promotes the spiritual, moral and physical development of children in the school.
- We prepare children for the opportunities, responsibilities and experiences of secondary education and adult life.
- The school gives access to all the children to the following areas of educational experience where is that following (Aesthetic and creative).

Education Rational

- To plan and deliver and challenging programmers that make the school relevant & engaging in the 21st century.
- To promote student responsibilities and motivation we work to ensure that the learning environment at our school is safe, supportive, challenging & engaging.
- Our staff, teaching and non-teaching continue to show commitment and dedication to the school's vision and goals and to the students, in their care.
- We aim to provide an environment that fosters enquiry, questioning and experimentation. We establish the discipline of Developed management.

Infrastructure

A vast expanse of area provided a perfect ambience for an aesthetically chartered school building.

LIBRARY

The school has well equipped libraries. Interaction with eminent authors, book reviews and reading sessions are conducted regularly exposing students to good written and reading skills.

SCIENCE LABORATORIES

A scientific temperament is nurtured through fully equipped and suitably designed laboratories for physics, chemistry and Biology students are encouraged to use the facilities for enhancing their innovative and scientific skills.

ICT LABORATORIES

State of Art IT Laboratories for the primary, middle and senior levels help foster technological skills

MULTIMEDIA CENTRE

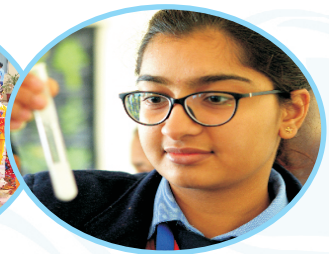

The Multimedia centre has sparked the imagination and creativity of the students producing outstanding art work, photography and documentaries at the centre.

SMART BOARD CLASSROOMS

Interactive white boards are used for classroom teaching and involve students to learn with technology.

An architect's delight, the auditorium equipped with the latest technology is the school's pride.
