

AWARD CEREMONY

The Award ceremony was held on 26th November 2022 to appreciate and reward the perseverance and commitment to excellence of the students who have made us all proud. It is an event not only to recognize young talents but also to give due value to our School's core values which these awardees exemplify. It is said that "To be a champion, compete; to be a great champion, compete with the best; but to be the greatest champion, compete with yourself." This is the spirit that guides the students of SCR Public School while on their journey from good to great and Excellent. We are delighted to announce it was a huge success and all the students, parents and mentors were so glad. Students were honoured for their academic achievements.

STUDENT'S CORNER

CRAFT ACTIVITY

Craft activity related to a particular letter is a great way to practice letter recognition! Focusing on one specific letter and creating something special will help them recognize and remember the letter. Students of grade-LKG enjoyed the craft activity related to letter झ

PUZZLE GAME

Word games are great because they help children focus on sounds and letters, and develop skills they need for reading, writing, and spelling. Word puzzles can help children with spelling and vocabulary, boost working memory and offer good revision activities.

To attain its significance, Word Puzzle game was played and enjoyed by the students of grade UKG.

EDUCATIONAL TRIP

An exhibition is the result of the experiments, but the process is never ending. So Exhibition is not only the conclusion, it gives a unique idea behind the scene of science and technology.

All the students of grade 11 and 12 visited an exhibition at SGT University under the guidance of teachers. It was effective to make them aware of various technologies in different fields.

Change is the end result of all true learning.

HANDWRITING COMPETITION

Handwriting is an essential skill for students. It is an incredibly important exercise for students to encourage them to develop fine motor skills and confidence. It activates the brain and contributes to reading fluency. It provides students with an opportunity to display their competency of legible writing.

An Intra Class English Handwriting Competition was organized for the students of Grades- 1 to 5. The objective of this competition was to encourage students to improve their writing skills. Majority of students had put in their best foot forward to enhance their writing skills.

HANDS IN ACTIVITY

Hands-on activities are the fun way for students to learn. Learning by doing keep the students engaged and also make them learn quickly. Our tiny tots of Grade- LKG put all their effort to do the group activity (inflation of balloon and vegetables pasting) conducted to recapitulate the letters. It was a great experience and increased their enthusiasm for future.

YOGA AND MEDITATION

Yoga and Meditation help students strengthen their self-regulation and their focus on coursework. It also boosts their overall health, reduces negative feelings, and fosters compassion.

Yoga techniques provide improved attention in studies, better stamina and co-ordination for sports and a heightened awareness and balanced attitude for social activity.
